Formal Notice Served On Both Sides That They Must State What Points They Disagreed On

(By United Press)

Washington, Aug. 17. - President Coolidge today devoted most of his attention to the menace of an anthracite coal strike, summoning to his office one by one, Secretaries Hoover, Weeks, Work and Attorney General Daugherty to discuss the situation with them.

New York, Aug. 17. -Formal notice was served on anthracite miners and operators by the U. S. Coal Commission today that they must get together and advise the commission, by eight p. m., just exactly what specific points they are unable to agree upon.

Warriner, chairman of the operators policy committee, and John L. Lewis, president of the United Mine Resolutions by Prudential Building Workers when they were called into conference with the coal commission shortly before noon.

Plans were immediately made for a joint session of miners and opthe whole matter prepared for submission to the commission. The report will be handed the commission before 8. p. m.

Lewis emerged from the conference room at 3:20 p. m. calling for members of the coal commission. He informed them the miners and operators had reached a decision.

The opportunity lies with them to correct much of the wrong impression that is abroad concerning our republican form of government. A thorough conception of American history and the wise forethought of the founders of the greatest republic in the minds of school children may be an effective barrier against the tide of "liberalism" that threatens to become a menace.

Proper understanding of our form of government, how it operates and the theory upon which it is built, is a splendid means of combatting the evils that beset us, and in the great American school system, American parents are placing their faith with the belief that it will not fail them.

Pretty California Miss Faces Another Battle Today In Match With New York Star

OVERCOMES BIG HANDICAPS

Player, She Plays Tennis Never Before Seen On Courts

By HENRY L. FARRELL

Forest Hills, N. Y., Aug. 17 .. -One step nearer the prize she has been seeking for three years, Helen Wills, the 17-year-old California girl, facd another battle today against Miss Eleanor Gross, the New York star, in the semi-finals round of the American Women's Tennis

Like Bobby Jones, the youthful prodigy of golf, who threatened for three years and reached the championship heights by meeting the most exacting tests, the pretty Berkley Miss has fought her way into the semi-final round over the hardest opposition faced by any player in the tournament.

In defeating Miss Kathlene Mc Kane, England's greatest player, Miss Wills played tennis yesterday that has never been equalled even the prettiest of tennis, Miss Wills game thrilled with hope the fans who have been almost praying for her to take the championship away from Molla Mallory.

### Important Announcement

On August 15th, prices on all types of Exide Automobile Batteries were reduced.

The same high quality that motorists have always associated with Exide Batteries, will be carefully maintained. All of the materials entering into their construction will, as always, be of the best grade obtainable and the workmanship unsurpassed.

Only the adoption of certain new policies, based on present day requirements of car owners, has made this reduction possible.

Compare the following new and old prices. You will understand, then, why the Exide Battery with its long life, dependability and low maintenance cost is the most economical battery you can buy.

### OPERATORS, MEN **REACH DECISION**

Understood Anthracite Miners And Empleyers Will Resume Deliberations On Contract

COMMISSION'S ULTIMATUM

Formal Notice Served On Both Sides That They Must State What Points They Disagreed On

(By United Press)

Washington, Aug. 17. - President Coolidge today devoted most of his attention to the menace of an anthracite coal strike, summoning to his office one by one, Secretaries Hoover, Weeks, Work and Attorney General Daugherty to discuss the STORES TO GLOSE situation with them.

New York, Aug. 17. -- Formal notice was served on anthracite miners and operators by the U.S. Coal Commission today that they must get together and advise the commission, by eight p. m., just exactly what specific points they are unable to agree upon.

The notice was served on S. D. STORES TO CLOSE FOR AN HOUR Warriner, chairman of the operators policy committee, and John L. Lewis, president of the United Mine Workers when they were called into conference with the coal commission shortly before noon.

Plans were immediately made for a joint session of miners and opthe whole matter prepared for submission to the commission. The report will be handed the commission before 8. p. m.

Lewis emerged from the conference room at 3:20 p. m. calling for members of the coal commission. He informed them the miners and operators had reached a decision.

This decision, it was understood, probably would provide for two factions resuming deliberations on the new contract in Atlantic City. The miners and operators were

told to decide: 1.-Whether they can reach an

agreement on a new contract in the anthracite fields. 2.—Whether in event of inability

to reach such an agreement they can The resolutions are as follows: get together on a plan to assure continuance of mining until an agreement is reached.

3.-Whether, in event of all efforts to reach such agreement failing, the miners and operators will seek assistance of a third party, presamably the coal commission, in an effort to bring about an orderly and peaceable settlement without suspension of work in the mine fields.

This action was taken by the coal commission to bring the opposing sides logether and force resumption Continued on page three

S. F. Arthur Tells Of Hauling Young Man In Machine After Fatal Stabbing Of Robert Watson

FORMERLY A SCHOOLMATE

Indianapolis, Ind., August, 17, -S. F. Arthur, proprietor of a grocery store, today gave police information which may furnish a clew to the identity of the young man who

killed Robert Wilson, 19, yesterday. Watson was stabled four times without apparent cause while talking with a young man who, he said, was a former schoolmate at Technical high school. Watson was unable to give the name of his assailant.

According to Arthur, he furnished the slayer a ride immediately after the stabbing.

"A man signaled for me to stop my machine, and jumped on the running board before I could stop," said Arthur. "He told me his mother was dying and he wanted to get home at once. I felt sorry for him and drove faster than I ever did in just west of the end of the Washasked to get off."

The undersigned has been town Boys Camp was scheduled for pointed Chairman of the Stockholders Protective Committee and is directing this statement to all stockholders in the various Dollings enterprizes affected by receivership proeedings.

> Since his appointment your chairman has been active in investigating the affairs of the varous companies in order to determine the exact status of each company. He has found that a number of subsidiaries are in sound condition, some with their capital slightly impaired and a few insolvent. In some cases a reorganization will be necessary to save the investment of stockholders. In view of the interrelationship of the various companies no definite information as to the assets can be given until the audits of the receivers are completed.

In practically all companies the only interest jeopardized are those of the stockholders. The creditors are amply protected. It is therefore up to the stockholders to protect their own interest.

At a meeting of stockholders of all companies concerned held in this city, it was decided that their interests could be best protected, and with least expense; by a committee composed of representative stockholders from the thirty-four compan-

GOVERNMENT TRIES TO HELP

Labor Officials Threaten Strike in The Rubr And French Measures Cause Indignation

By CARL D. GROAT

Berlin, Aug. 17. -As the politial situation continued stable today, despite corts of enemies of the new cabinet to cause trouble by dissemination of a rumor that Chancellor Stresemann had been assassinated, the government turned its attention to the critical food situation which seemed to be the chief obstacle to the restoration of, inernal order.

In Brauenschweig food demonstrators intimidated the local government and forced inauguration of a food control commission of thirty workers.

The government already had pledged itself to seize food on its own account if stocks were not obtainable otherwise, but the demonstrators insisted on creation of the commission.

It also was understood the governments of Thuringia and Saxony might seize food unless the central government consented to adopt their

Thuringian mountain resorts were advising foreigners to leave within three days on account of the food shortage and some hotels had of Legion representatives, headed posted placecards reading "we will

not feed foreigners." In the Ruhr, dispatches said, labor officials threaten a strike because of the food shortage and unsatisfactory wage conditions.

Meantime the new French repressive measures in the Ruhr had caused renewed indignation here.

Dispatches from Dulleldorf announced the French had decided the frontier between occupied and unocclosed until August 31.

In the Belgian occupied zone, other dispatches advised the military authorities had started imposmillions of marks, on the city of Duisberg.

A Communist outbreak was remittee of citizens arrested the local communist leader.

While interest is centered in the drive of Miss Wills for the championship, the other match of the semi-finals between Mrs. Mallory and Mrs. R. C. Clayton, the lone survivor of the British team, may also develop into a real feature.

The British woman displayed a dangerous game yesterday in running away from Miss Leslie Bancroft, the second ranking American player, and she may carry a battle to the champion.

Gasoline Prices

THE Standard Oil Company (Indiana) has announced an immediate reduction in the price of gasoline of 6.6c per-gallon applicable throughout the entire territory in which it does business.

It asserts that the retail prices thus made are below the cost of production and distribution.

The Governor of the State of South Dakota, buying distress gasoline below cost of production, and charging against the State no adequate cost of distribution, is selling gasoline to the public in the State of South Dakota at 16c per gallon.

The Standard Oil Company (Indiana), operating on its established policy that the customers who purchase its goods should never be compelled to pay a higher price than that fixed and main-tained by any competitor, quality and service being duly considered, has met this price.

Other State Executives and Officers of municipalities, with entire propriety, have suggested that any prices made in South Dakota be made applicable in their States. Competitors in other states and communities over the territory, also buying distress gasoline below cost of production, have also cut the prices hitherto established and maintained, in substantial amounts.

In establishing the above price, the Standard Oil Company (Indiana) is not endeavoring to injure any of its competitors in any way.

It deprecates the stand taken by some of its competitors that the Standard Oil Company (Indiana) is endeavoring, by reason of meeting these cuts in price and these demands for lower prices to put its competitors out of business.

The Standard Oil Company (Indiana) does not wish to put any competitor out of business because it feels that competitors are necessary to the successful conduct of its business. It will welcome a change of attitude on the part of all parties concerned resulting in a reasonable price for gasoline which will enable not only it but all of its competitors to enjoy a reasonable profit.

It recognizes that the majority of its competitors are fine business men, entitled to the fairest treatment both by the public and by this Company.

The present situation is an exact parallel to one where the butcher, the grocer, the druggist, the dry goods and shoe merchants and every other retailer would be forced to sell at less than the wares cost.

How long would it last? What would a condition like this do to all of us-if it persisted and spread?

We want no monopoly—seek none. We want your trade—but only on the basis of quality and service—not as the result of impossible prices.

We want competition—you want us to have it. It makes the scales of business balance.

These are not idle words. They mean just what they say.

Important Announcement

On August 15th, prices on all types of Exide Automobile Batteries were reduced.

The same high quality that motorists have always associated with Exide Batteries, will be carefully maintained. All of the materials entering into their construction will, as always, be of the best grade obtainable and the workmanship unsurpassed.

Only the adoption of certain new policies, based on present day requirements of car owners, has made this reduction possible.

Compare the following new and old prices. You will understand, then, why the Exide Battery with its long life, dependability and low maintenance cost is the most economical battery you can buy.

Car Type Old New Buick - 4, Chevrolet, 6 Volt Cleveland, Durant-4, Essex, Ford, Gray, 11-plate \$21.40 \$17.00 Maxwell, 6 Volt Oakland, Overland, Studebaker, 13-plate \$28.40 \$21.25 Velie and others. Auburn, Buick-6, Chandler, Durant-6, Hudson, Hupmobile, 6 Volt Jewett, Moon, Nash-15-plate \$34.05 \$25.50 6, Oldsmobile, Paige, Reo, Studebaker and Dodge, Franklin, Max- 12 Volt 9-plate \$39.75 \$29.75, well and others.

We have the type Exide for your car ready at the new low price. Stop in and see it.
